Ever changing, challenging and re-inventing, designer toys are in a never-ending state of flux. Old becomes new and new can become pioneering. 'Flux' is a journey through the idiosyncrasies of designer playthings - every artist featured offers you the chance to meet the quirky characters of their imagination, and see the world through their eyes. Not just toys, this book is bursting at the seams with inspiration. The supporting artwork tells the story of the development of characters - how the initial sketch of a good character can make it across media through vinyl, advertising, animation, illustration, cloth design, and much more. This title also presents works and a hint of what is to come from this ever-expanding discipline. 'Flux - Designer Toys' doesn't just show the characters and artwork from designers worldwide, it provides a glimpse into the thoughts and aims of the person behind the art.
