Maelyn was not born a princess. The king found her as a child, the lone survivor of a poor village slaughtered by the Red Fever. Suddenly she became a princess of Runa Realm, the first of nine orphans adopted by the king. By her eighteenth year, Maelyn rules over Runa and a family of nine sisters. But some call the princesses frauds and imposters, a handful of urchins raised into royalty. Even Uncle Jarrod, the High King of Grunwold, seems determined to prove that Maelyn no longer deserves to be a princess. With a family losing faith in her, and a kingdom growing dangerously hostile, even Maelyn begins to wonder if she can truly call herself a princess. And if her riches will turn to rags once again.... The Nine Princesses Novellas is a series that chronicles the adventures of an unconventional family of princesses, the struggles they face in a kingdom often hostile to their humble origins, and the day-to-day dramas of nine young women whose personalities often clash like swords. Fans of Gail Carson Levine and Shannon Hale would enjoy this young-adult series. Recommended for ages 12 and up. For more information go to www.anitavalleart.com
