

Simpsons Comics Meltdown, 2011, 144 pages, Matt Groening, 006203653X,
9780062036537, HarperCollins, 2011

Matt Groening, creator of *The Simpsons*, serves up a high-octane collection of combustible tales. It's a red-alert laugh riot when all of Springfield moves in with Mr. Burns after a hazardous nuclear cloud engulfs the town. Then, fire up the grill as Krusty the Clown's famous franchise gets some not-so friendly competition from a new burger meister. Homer Simpson! And when Springfield faces its worst financial crisis in history, Mayor Quimby sets off a firestorm of trouble by declaring that the town be open for business 24/7. Watch the pies fly after Marge hires Krusty the Clown as her new life coach. Finally, in an incendiary fable, Homer is appointed the new fire chief and literally decides to fight fire with fire. This volatile and explosive comic collection will ignite a wildfire of hysterics.* *Caution: This edition does not come equipped with any laugh-saving devices.

Losing Ground American Social Policy, 1950-1980, Charles A. Murray, 1984, Biography & Autobiography, 323 pages. With a new introduction by the author, this tenth anniversary edition of the classic book argues that the ambitious social programs of the Great Society designed to help the poor have done little to reduce poverty in America. Murray's argument is based on a detailed study of the history of social policy in the United States from the 1930s to the 1980s. He argues that the Great Society programs were designed to help the poor, but they were not designed to help the poor in a meaningful way. He argues that the programs were designed to help the poor in a way that would not be sustainable in the long run. He argues that the programs were designed to help the poor in a way that would not be sustainable in the long run.
